EDUCATION

B.E. in Electronics and Communication Engineering

ST. JOSEPH'S INSTITUTE OF TECHNOLOGY

2023–2027

CGPA: 8.67

EXPERIENCE

Agentic AI Intern

Nov 2025 – Jan 2026

ZEKA PVT SOLUTIONS

- Designed and implemented **agentic AI** workflows and **safety guardrails** within backend microservices.
- Improved protection against **prompt injection** and related attacks by **47%**, increasing effectiveness from **10% to 57%**.

Vision Systems Intern

Mar 2025 – May 2025

SPHERULER SOLUTIONS

- Worked on military-grade camera calibration for boresight alignment systems by estimating **intrinsic** and **extrinsic** parameters.
- Reduced reprojection error from **0.15 to 0.05**, improving alignment accuracy by **3×** for high-precision targeting applications.

ACHIEVEMENTS

Team's AI Expert – PreserVion

Internal Hackathon

SIH SHORTLISTING

TOP 16 | PRIZE: INR 5,000

- Developed a **RAG-powered** multilingual voice assistant for customer navigation and negotiation across **10 languages**.

SKILLS

Languages & Tools: Python, Java

ML Frameworks: TensorFlow, PyTorch, Scikit-learn, LangChain, LangGraph

Data Science: NumPy, Pandas, Matplotlib, Seaborn, MLflow

AI/ML Concepts: Supervised learning, unsupervised learning, agentic AI, multi-agent orchestration, memory, and tool-calling in agents

PROJECTS

Plagiarism – CODEPRO

- Built a modular plagiarism detection system using **winnowing**, **k-gram fingerprinting**, and **Rabin–Karp hashing** for academic code assessments.
- Implemented code normalization to detect lazy plagiarism and designed a scalable **CLI** with batch **CSV** processing and logging.

Regression – ML End-to-end Project

- Engineered an end-to-end **MLOps** pipeline with feature engineering, **XGBoost** training, **Optuna** tuning, and **MLflow** experiment tracking.
- Deployed a containerized **FastAPI** backend and **Streamlit** dashboard on **Google Cloud Run** with **Supabase** integration.

Fish Detection – YOLOv8 (50+ GitHub Stars)

- Trained a custom **YOLOv8** model for real-time fish detection in underwater footage and optimized it for low-light and turbid conditions.

CERTIFICATES

Microsoft Azure AI Fundamentals (AI-900)

Feb 11, 2026

MICROSOFT AZURE
